

"Dr. Caldwell's Syrup Pepsin is the best remedy we have found for constipation. We cannot say too much for it." (From a letter to Dr. Caldwell written by Mr. Winfield S. Taylor, 342 Penn St., Burlington, N. J.)

Dr. Caldwell's Syrup Pepsin is the best remedy for constipation because it acts gently and does not gripe and strain. Its freedom from all habit-forming properties and its positive effect make it the ideal remedy for the family medicine-chest.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandrin" hair cleanse. Just try this—moisten a cloth with a little Dandrin and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandrin dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Dandrin from any druggist or toilet counter for a few cents.—Adv.

NERVOUSNESS AND RHEUMATISM BOTH RELIEVED

Building Up the Blood Corrected Both Disorders in the Case of This Maine Woman.

"When the blood is thin and the system run down the body loses its power of resistance to disease and many forms of ill health may develop without any apparent relation to each other. The fact that building up the blood in such cases so often corrects all the trouble shows that the thin blood is responsible for the entire condition."

"My nerves were all played out," says Miss Emma Baker, of No. 30 Wentworth street, Biddeford, Me. "I was tired and had no ambition. Each day my work seemed harder and I thought I would have to give up. To make matters worse rheumatism developed and I had sharp shooting pains in my body and limbs. My appetite was poor and I was troubled with sour stomach. I was so nervous at night that I did not get much rest. About three months ago I read about Dr. Williams' Pink Pills and decided to try them. They helped me almost at once. The pains in my limbs went away, my appetite grew better and my nerves became quiet so that I could get a good night's rest. I cheerfully and gladly recommend Dr. Williams' Pink Pills, for they built me up and made me stronger."

Do not let your blood get thin this winter. For people who have a tendency towards anemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, the more restricted diet, many things combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath, take a short treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white, your eyes dull and your hair like mother of pearl. It is so much easier to correct thinning of the blood in the earlier stages than later.

There has been no increase in the price of Dr. Williams' Pink Pills. They are sold by all druggists or will be sent on receipt of price, fifty cents a box or six boxes for two dollars fifty cents, by addressing Dr. Williams Medicine Co., Schenectady, N. Y. BETHEL

C. E. Benedict returned home from camp in West Rochester yesterday, bringing a seven-point buck, which weighed about 200 pounds. From the same camp Edward Lovell of East Randolph returned with a 150-pound, six-pointer. The Benedict deer was shot on Nov. 14 and the Lovell deer Nov. 16. The hunters saw no bears but heard them several times.

O. E. Ryther of Putnam, Conn., senior member of the firm of Ryther & Purdy, is here to ship a few carloads of spar timbers which he bought when here last spring. The firm has an office in New York, with Mr. Purdy in charge, who also is well known here. The firm buys mast timber and spar timber in New Brunswick and Vermont, shipping from Rochester, Stockbridge, Randolph, Brantree, Windsor and Bethel.

George P. Nichols of this town, who had been in camp in Brantree with several Randolph men, got his deer Tuesday. Clarence Hathorn of Barnard was one of the successful hunters this week. On Tuesday he shot a deer which dressed 137 pounds.

Grover C. Bowen has been enjoying a vacation from his work at A. N. Washburn's mill. He accompanied his mother, Mrs. Allen Bowen, home to Raymondville, N. Y., and remained there for a week's visit. Since his return to Vermont he has spent some time hunting.

There is a heavy growth of timber covering about 36 square miles, mostly in the west part of Rochester, which is conservatively estimated by Harry J. Calkins of that neighborhood at 500,000,000 feet. Hard and soft wood are found in great abundance.

The continued open weather is very favorable to fall plowing and many Bethel farmers are taking full advantage of it. Pasture as a result of the warm rains, is unusually good, one farmer declaring that his young stock is in better condition than two or three weeks ago.
